

Public Consultation Event

Cambridgeshire County Council is pleased to announce the appointment of Kier Construction to support the design and construction of the new 3 Form of Entry (630 place) primary school and 78 place early years provision to serve the community.

The Council and its project team has been working closely with Anlian Learning, the appointed Trust who will operate the school and key stakeholders including the developments Master Developer, Urban & Civic to develop bespoke proposals that respond to the school's vision for teaching and learning.

Following this collaborative engagement the team now feel ready to share the emerging design work with key stakeholders within the community, including children, parents and residents who will use the school and the facilities within it.

This is an exciting time for the project team and the wider community, and we would very much welcome your views on the emerging plans.

Feedback received will help shape the continued development of the school ahead of submission of a formal planning application which is currently scheduled for June 2025.

The proposals will be available online and at a drop in event which will be held at the Waterbeach Barracks Community Room.

Online:

Please visit www.deneiaprimary.org from 12th March. You will find a link to the proposals on the school homepage.

Please email your feedback to DPA@Kier.co.uk

The closing date for online responses is 26th March 2025. This will allow time for views to be considered in advance of any planning submission.

Postal feedback can be sent to:

Kier Construction
Building 3000,
Cambridge Research Park,
Waterbeach, CB25 9PD

Drop In Event:

Proposals will be displayed at the Community Room (Waterbeach Barracks, Cambridge, CB25 9LF) on 12th March from 15.30 until 18.30.

Members of the project team and Trust will be in attendance, along with the U&C Community Team, and will be pleased to hear your views on the emerging scheme and any queries you may have.

Feedback forms will be available at the event for you to register your views.

Subject to a successful planning process, construction work will commence in February 2026 and complete in Spring 2027. The opening date for the new school will be determined by the Council and Department for Education.

Thank you for your time and we look forward to hearing from you.
