Primary Academy

Discovering Together

About Deneia Primary Academy

Deneia Primary Academy is a 630 place primary academy. The new school will offer an outstanding environment both indoors and outdoors to excite and engage children in their learning. We will ensure facilities within the school are available for a range of uses and occasions. Provision of a nursery will be available on the site.

Our Vision

Create excellence in all aspects of the academy's environment and provision.

- Build an academy recognised locally and nationally as a system leader created through the collaboration of leaders and staff across Trust academies.
- **Discovering Together** through our curriculum planning will facilitate the establishment of our Deneia Primary Academy community.
- The curriculum will take as its focus 'A Sense of Place'. Foundation subjects will be taught with direct relevance to the local area.

Our Community

Our key intent for Deneia Primary Academy is to ensure that the children of families moving into housing within the Waterbeach development can have a place at the academy. The situation of the academy building places it at the centre of the community; making provision for new families to support and enhance social cohesion is central to the aims of the academy. We will explore the role of the academy as a source of pride for families and as a hub for the community. This outward focus will provide new and exciting opportunities to extend experience, skills, and confidence, reflected in unique local and national partnerships.

Deneia Primary Academy will be at the core of the **Waterbeach New Town** community, and we hope that your family will be a part of it.

Register an Interest

We invite anyone interested in finding out more about Deneia Primary Academy to get in touch via our email address enquiries@deneiaprimary.org.

Our Aspirations

We will provide a high-quality learning environment with classrooms that will provide pupils with stimulating and varied learning opportunities that engage and motivate them. Outside the classroom, pupils will feel safe, happy, and secure as they create and learn from the natural environment.

We will provide a broad and balanced curriculum providing opportunities for academic success. Pupils will be inspired by expert practitioners; vocational, experiential learning pathways and a strong commitment to the promotion of the arts and sport for all pupils.

Wellbeing and positive relationships as individuals and within groups will be promoted, enabling pupils to build resilience, experience risk and adventure, and develop essential skills and attributes.

We are committed to providing an inclusive education, where all children are supported to thrive and meet their potential both academically and socially. We have high aspirations for our whole community, and we will support all our children to access our curriculum, whatever their level of need, making reasonable adjustments where required.

Rachael Johnston
Director of Primary Education

Anglian Learning is an ambitious, forward looking multi-academy trust. Our members share the firm belief that all young people deserve to have access to an excellent education and exciting opportunities which in turn will help prepare pupils to thrive in their local, national and global communities.

By working with like-minded schools, colleagues are prepared to share responsibility, through support and challenge, to ensure that all our schools can offer a vibrant and rich learning experience to all pupils, whatever their background and starting point. This is reflected in **Our Core Values** of **Transforming Together** to enable inclusive and aspirational learning in every classroom, empower leaders across every academy, and ensure inspiring opportunities and educational success for our learners, people and communities.

Our four Core Values guide our work to achieve Our Core Purpose:

Supporting each school in these efforts is our **Central Team**. This includes operations, finance, inclusion, HR, ICT, governance, curriculum development and more to enhance each school's educational offering. We also provide sport and recreational facilities via **Anglian Leisure**.

Pupils, their families and the wider community benefit directly from the resources, time and expertise given by the Trust.

While each school retains its own unique identity and ethos, we are collectively passionate in our belief that we are stronger together.

Anglian Learning is responsible for the first school built within the **Marleigh** development just east of Cambridge. Our central leadership team are experienced in the opportunities and challenges of opening a school in a new development.

I encourage you to visit our website and social media pages to see a true reflection of the inspirational achievements that take place throughout Anglian Learning.

Parents, carers and families are invited to learn more about Anglian Learning via our website anglianlearning.org, and social media pages [@anglianlearning](https://www.instagram.com/anglianlearning).
